The Chandler Vaqueros Saddle Club is a nonprofit, western horseback riding club, that was started in 1968 by the Arizona Sherriff's Mounted Posse which has evolved over the years with a large group of members that strive to keep the western equine heritage alive. The main purpose of forming the saddle club was to provide an opportunity for members to enjoy western saddle horses, western activities, and western horsemanship. It also serves as entertainment for general public. CVSC offers Gymkhana as well as Rodeo events for all ages and skill levels. Whether you are someone who aims to be competitive or someone who just wants to go at a slower pace, you will be welcomed. Other activities the club has participated in include trail rides, parades, fun days and community service projects.

CVSC allows riders to better their horsemanship skills as well as their equine partner's. We are a family orientated group that shows support and encouragement to all riders. We give back to the community annually with donations and charity projects and award our qualified riders at the end of each season. We look forward to improving our club and always providing a safe and amazing environment for all current and future members.
